From the Editor . . .

Hi Fellow Golfers! Congratulations to the finalists in the Club Foursomes Championships. Well done to Jamie Burt and Nathan Separovich in winning their close battle with Matt Hickman and Pat Buying.

The battle for the David Smart Trophy wasn't quite as close, but congratulations to Colin Stevens and Craig McLatchie in their victory over Jonathon McGleish and Scott Handke.

Colin and Craig were also the Senior Foursomes Champions.

Check the 'CAPTAINS CORNER' for dates of this year's Club Championships, and details regarding changes to some of the handicaps.

The new handicapping system started on January 31st. You can check out the changes to the system and how it will affect your handicap on www.golf.org.au/whs or though the link on the club web site.

If you have any news items, stories, achievements etc. please drop them in the putter box on the bar or e-mail me at randryeates@gmail.com.

New Member

Welcome to the following new member who has joined our Club over the past month.

Michael Devine - 7 day member

Welcome to Echunga Golf Club.

May you enjoy your golf and friendship with us.

CAPTAIN'S CORNER

Handicapping

With the advent of the new handicapping system, the old allowable maximum handicap that was for Men 36 and Women 45, has now changed to be 54 for both.

It is up to each club as to what limit they put on the handicap for each competition.

As some of our older members, are at their maximum, and having a very slim chance of being competitive, as well as losing the enjoyment of golf when you cannot play to your given handicap, the Match Committee have therefore decided to increase the Men's maximum club handicap to 45.

This means there will be no changes to the club grading except for the D Grade which will go out to a handicap of 45.

The Women have increased their maximum handicap to 54.

Club Championships

The Club Championship dates for the 2020 season will be in the program for the next year and will be held in May.

Qualifying rounds will be 2nd and 9th May, Quarter Finals will be 16th May, Semi Final will be 23rd May and Finals Day will be 30th May.

*Cheers
Ben*

Around the course

Wednesday Twilight Golf

Unfortunately, due to lack of players, it has been decided that there will not be an organized comp run on a Wednesday evening. The course is still open for anyone wanting to have a game.

Playing the Orange Course

On Wednesday 29th January the Women played their comp off of the Orange Tee Blocks.

Esther Burt had 36 points which equated to 87 off the stick. This score will become the benchmark as to the course record from the Orange Tees. Well done, Esther!

Can you help?

Unfortunately, it is being left to only a few members to help with the finalizing of each comp on Thursdays and Saturdays.

If you think you could assist the club in this capacity, please contact Bill Kidd and he can explain what is required.

The more members available will spread the load and may mean you are only required once a month for this duty.

I am told it is not difficult and some computer knowledge is required.

Rules of Golf

Jesper Parnevik was penalized two strokes in October's Champions Tour SAS Championship.

1) Facts.

This is what happened:

- Parnevik had a short putt for a bogey.
- The putt horse-shoed around the hole... and hit his foot.
- Parnevik played the ball as it lay and holed out (for what he thought was a double-bogey).

2) The Rules of Golf.

Oops. That was wrong.

The Rules of Golf (Rule 11.1b, Exception 2) states this:

When Ball Played from Putting Green Accidentally Hits Any Person, Animal or Movable Obstruction (Including Another Ball in Motion) on Putting Green:

The stroke does not count and the original ball or another ball must be replaced on its original spot

Thus, Parnevik played from a wrong place and incurred a two-stroke penalty (Rule 14.7).

The (horse-shoeing) stroke did not count and therefore he got at triple-bogey (assuming that he did not gain a significant advantage, which is not clear from the coverage – in that case he should have corrected the error before playing from the next teeing area to avoid disqualification).

Updating your details

Have you changed your address or email address recently?

As we will soon be sending out the Membership Renewals, we need to have your up to date details.

If you have changed your address, telephone number or email address recently, please enter the new details on the sheet on the Notice Board.

These details could also be sent to us by email, membership@echungagolf.com.au

Management Committee

Fun Facts

1. The first computer was invented in the 1940s.
2. Space smells like seared steak.
3. The longest wedding veil was the same length as 63.5 football fields.
4. "E" is the most common letter and appears in 11 percent of all English words.
5. Water makes different pouring sounds depending on its temperature.

Juniors

The Junior Development program has started the year off with a bang! Thanks to a very, very generous **\$5000 donation** from an Echunga club member (**yes you read that right!**) and a **\$5000 Active Club Grant** from the Office for Recreation Sport and Racing, we will be able to put the money to good use to assist with program and equipment funding. First on the list are some clubs to suit the different age groups we cater for, including left-handed clubs, pitching wedges and putters to boost our meager stock.

Please note the change of dates for the next Four Coaching Clinics

The **next clinic is Feb 16th**. Please make sure to book in, as we will have to split the larger groups to give everyone time with the instructors.

The Clinics will also be held on the following dates.

Sunday March 22nd

Sunday April 26th

Sunday May 17th.

Also a reminder that there is a **skills session** with me on Wednesdays at 4.30pm. \$5 for non-members.

If anyone is interested in becoming an accredited community golf instructor, I'm very happy to chat with you about it.

2pm - Advanced (50min followed by on-course play)

3pm - Beginners (45min)

4pm - Adults. Cost is \$10

Please register on Eventbrite or contact Esther to book.

Volunteers' Report

The weather has not been kind to us, but we have achieved a few things.

Cole's continuing "Valet" work cleaning and maintaining the carts.

Cleaning up fallen tree limbs, and shaping trees and bushes to allow the Grounds Staff to cut around and underneath them. Trimming the edges of the bunkers and removing grass and weeds from the sand. Digging out drains and replacing pipes with larger ones and planning to extend others. Brush cutting tee block edges and areas that the mowers cannot reach. Watering the gardens and weeding, removing old stock and planting native replacements. Welcome to Tom joining the group. He taught us how to tie a sheet bend knot, all but Al, who said he learnt it in Boy Scouts, but mysteriously had forgotten whether it was the fox that chased the rabbit or vice-versa. Tom's knot, along with John's demonstration of how to do a fencing twitch, illustrate just what you can learn every Tuesday. We will soon be buying tools and equipment for the group and a cabinet to store them in so that we don't have to use club things which can be inconvenient at times. Thanks to Di and Heather for the delicious lunches and to farmer Pete for the produce. What doesn't he grow? Why don't you join us at the clubhouse at 9am every Tuesday?

Medicare Aussie Style

The phone rings and the lady of the house answers, "Hello."

"Mrs. Sanders, please."

"Speaking."

"Mrs. Sanders, this is Doctor Jones at Saint Agnes Laboratory.

When your husband's doctor sent his biopsy to the lab last week, a biopsy from another Mr. Sanders arrived as well...

We are now uncertain which one belongs to your husband.

Frankly, either way the results are not too good."

"What do you mean?" Mrs. Sanders asks nervously.

"Well, one of the specimens tested positive for Alzheimer's and the other one tested positive for HIV. We can't tell which is which."

"That's dreadful! Can you do the test again?" questioned Mrs. Sanders.

"Normally we can, but MEDICARE will only pay for these expensive tests once."

"Well, what am I supposed to do now?"

"The MEDICARE Helpdesk recommend that you drop your husband off somewhere in the middle of town.

If he finds his way home, don't sleep with him

Children Writing About the Ocean.

The next time you take an oceanography course, you will be totally prepared.

- 1) - This is a picture of an octopus. It has eight testicles. (Kelly, age 6)
- 2) - Oysters' balls are called pearls. (Jerry, age 6)
- 3) - If you are surrounded by ocean, you are an island. If you don't have ocean all round you, you are incontinent. (Mike, age 7)
- 4) - Sharks are ugly and mean, and have big teeth, just like Emily Richardson. She's not my friend any more. (Kylie, age 6)
- 5) - A dolphin breaths through an asshole on the top of its head. (Billy, age 8)
- 6) - My uncle goes out in his boat with 2 other men and a woman and comes back with crabs. (Millie, age 6)
- 7) - When ships had sails, they used to use the trade winds to cross the ocean. Sometimes when the wind didn't blow the sailors would whistle to make the wind come. My brother said they would have been better off eating beans. (William, age 7)

8) - Mermaids live in the ocean. I like mermaids. They are beautiful and I like their shiny tails, but how on earth do mermaids get pregnant? Like, really? (Helen, age 6)

9) - I'm not going to write about the ocean. My baby brother is always crying, my Dad keeps yelling at my Mom, and my big sister has just got pregnant, so I can't think what to write. (Amy, age 6)

10) - Some fish are dangerous. Jellyfish can sting. Electric eels can give you a shock. They have to live in caves under the sea where I think they have to plug themselves in to chargers. (Christopher, age 7)

11) - When you go swimming in the ocean, it is very cold, and it makes my willy small. (Kevin, age 6)

12) - Divers have to be safe when they go under the water. Divers can't go down alone, so they have to go down on each other. (Becky, age 8)

13) - On vacation my Mom went water skiing. She fell off when she was going very fast. She says she won't do it again because water fired right up her big fat ass. (Julie, age 7)

14) - The ocean is made up of water and fish. Why the fish don't drown I don't know. (Bobby, age 6)

15) - My dad was a sailor on the ocean. He knows all about the ocean. What he doesn't know is why he quit being a sailor and married my mom. (James, age 7)

This Month's Teaser

A woman shoots her husband, then holds him underwater for five minutes. Next, she hangs him. Right after, they enjoy a lovely dinner. Explain.

Answer next month

Last Month's Teaser

Where is there no south, west, nor east, and weather not fit for man or beast?

Answer:

The South Pole

Golfing Tip...

The easiest way to remove your grips is to blow compressed air into the top of them and then slide off. Don't be like member

G.Day however who put the air in a bit fast and blew one of his up so much it EXPLODED.

A really HOT round by Lloyd Mitchell and Ray D'Alessandro at Twilight Golf on Feb 2nd. As the thermometer tipped 40. Lloyd and Ray managed to get 19 points each to win the Comp from a huge field of 4.

Unfortunately the heat got to Lloyd and he creamed his tee shot on the 9th out of bounds only to find he had mistaken his 9 iron for a 6.....

(He is no different 10 years on.... Editor)

In such Hot conditions we really appreciated Pauline's dedication to her Job by staying until we had finished our round so we could get a cold drink....THANKS PAULINE.

Irish Golf Study...

Members of the Belfast University are currently conducting a study of the "honesty" of golfers. As part of the study they have planted "lost" balls on the course in attempt to see if those who find them will keep them or hand them in. These special balls slowly ooze a green slime into the bag of any player who keeps them unless they are de-activated with a special code which has been entrusted to Heather.

If you find one of these "lost" balls on the course please hand to Heather.

A special fluorescent green ball was planted on the course last week, this one will explode???

THANKYOU...

It gets difficult to find material for the Putter every month and I really appreciate the input from members who make suggestions about what they would like to see or provide me with material that they think would be of interest to other members.

Thanks to Greg Day for this info:

Reproduced from AUSTRALIAN GOLF DIGEST November 99

Etiquette

Leave your Mark on the Game.

There are few finer pleasures in golf than walking up to the green to search out a big, fat crater of a ball mark.

Though your technique on the approach shot was no doubt faultless, chances are you need a lesson in how to fix that ball mark properly.

Here are some do's and don'ts, as followed by the folks at Garden City Golf Club on Long Island.

Do not replace the loose piece of turf taken out by the ball. It will only die and delay the healing process.

Do not pry up the centre of the depression with the repair tool— that exposes the soil and will delay the healing process.

Do not insert the repair tool and twist it. This only breaks more turf loose.

Do toss the loose piece of turf taken out by the ball

Do insert the repair tool just outside the back of the ball mark.

Pull the turf toward the centre of the hole. This stretches undamaged turf over the mark, speeding recovery. Repeat this motion on all sides of the hole.

Do gently tap the repaired area with your putter.

Hole in One

Saturday 20th December.

Rob Langbein

had a Hole in One on the 17th. Congratulations and Well Done Rob!

From the February 2015 Putter

Pennants

For those wishing to play Pennants this year, the form is now ready on the website for people to sign up to register for this year's Pennants Season.

Jamie Burt

Pennant Co-ordinator

What is the Weather going to be?

It was April and the Aboriginals in a remote part of Northern Australia asked their new elder if the coming winter was going to be cold or mild

Since he was an elder in a modern community he had never been taught the old secrets.

When he looked at the sky he couldn't tell what the Winter was going to be like.

Nevertheless, to be on the safe side, he told his tribe that the winter was indeed going to be cold and that the members of the tribe should collect firewood to be prepared.

But being a practical leader, after several days he had an idea.

He walked out to the telephone booth on the highway, called the Bureau of Meteorology and asked, 'Is the coming winter in this area going to be cold?'

The meteorologist responded, 'It looks like this winter is going to be quite cold.'

So the elder went back to his people and told them to collect even more wood in order to be prepared.

A week later he called the Bureau of Meteorology again. 'Does it still look like it is going to be a very cold winter?'

The meteorologist again replied, 'Yes, it's going to be a very cold winter.'

The elder again went back to his community and ordered them to collect every scrap of firewood they could find.

Two weeks later the elder called the Bureau again. 'Are you absolutely sure that the winter is going to be very cold?' he asked.

'Absolutely,' the man replied. 'It's looking more and more like it is going to be one of the coldest winters ever.'

'How can you be so sure?' the elder asked.

The weatherman replied, 'Our satellites have reported that the Aboriginals in the north are collecting firewood like crazy, and that's always a sure sign.'
