## GREENS CORING

Due to the inclement weather on Monday the 23<sup>rd</sup> September, the process of coring the greens had to be cancelled.

Unfortunately, the alternative date that was scheduled for Thursday the 8<sup>th</sup> October has had to be changed again due to the weather, so hopefully the coring will now take place on Friday, 16<sup>th</sup> October.

This has created the need to change some of the dates of the Club Championship Rounds.

## COMPETITION VOUCHERS

As a result of Corona Virus the expiry date for competition prize vouchers has been extended until 1<sup>st</sup> April 2021 for vouchers issued up to 1st October this year. This will apply to vouchers presented at the club and at Golf World.

Sponsors vouchers (eg Old Mill) are not affected.

## CLUB ROOMS

The Club has secured a grant from the Federal Environment Department to assist with the installation of solar panels on the Clubhouse.

The grant of \$12,500 will be towards the total cost of \$15,400.

It is expected that this will save the Club up to \$10,000 in power bills per year.

The Committee has also approved the upgrading of the interior of the Club Rooms. New carpet and a fresh paint job will certainly lift the appearance of the Club Rooms which is overdue after 23 years.

## VOLUNTEERS' REPORT

Some ball washers have been serviced and others repaired.

The program to eradicate broom and watsonia and other proscribed weeds continues, thanks to Col and Bruce.

With the stormy and windy weather, quite a few fallen branches have had to be cut up and removed from the course.

Some bushes and trees in the rough have been pruned to allow access for the mowers and we have also begun to cut areas of the rough and the scrub, where mowers cannot reach.

Amazing how many golf balls have been found!

One leaking pipe repaired, thanks to Al and Joel.

New native additions to the Clubhouse gardens have been planted.

If you need to escape Covid cabin fever join us, any Tuesday, 9am, at the clubhouse.

## CROCS CAN BE DANGEROUS

Woman saves herself in Crocodile attack using a small Walking Stick.

This is a story of self-control and marksmanship by a brave, cool-headed woman with a walking stick against a fierce predator.

**Here is her story in her own words:**

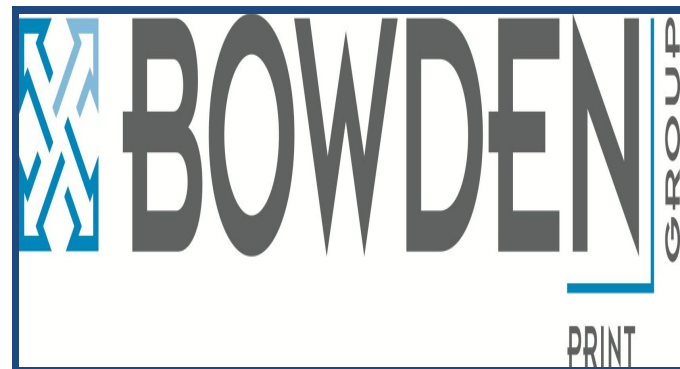

"While out walking along the edge of a creek just outside of our house in Darwin, with my soon to be ex-husband discussing our property settlement, kids and other divorce issues, we were surprised by a huge 5 metre crocodile which suddenly emerged from the murky water and began charging at us very fast with its large jaws wide open.

The Croc must have been protecting her young and her home because she was extremely aggressive.

If I had not had my little \$5 dollar Reject Shop walking stick with me, I would not be here today! Just one hard whack to my estranged husband's knee cap was all it took...

The 'Croc got him easily and I was able to escape, by just walking away at a brisk pace.

The amount I saved in lawyer's fees was really incredible and I got the lot.

So for season 2... I mean the second wave... can we switch quarantine partners or are we stuck with the same ones from season 1? 😊

## **Murray Bridge Women's Open Day Friday 11<sup>th</sup> September 2020**

A strong contingent of Echunga Women attended this event. Most were quite familiar with the course as the Echunga Women's competition had been playing at Murray Bridge for many weeks over the wet winter.

It was a windy day, with temperatures in the high 20's and the field of 52 players from a wide range of Clubs hit off with a shotgun start.

Playing groups of 3 were mixed and it is lovely to have the chance to play and chat with women from other Clubs. Often we know them by sight through other Open Days or Pennants, but this gives a chance to get to know them a bit better and share a few laughs, encouraging each other and commiserating over water, bunkers and mishits.

The competition was an individual Stableford, with players divided into A, B and C grades. Each grade had a first and second place, 2 nearest the pin holes and a long drive.

When the round was complete, we enjoyed a lunch of quiche and salad with an Apple Crumble and ice cream for dessert.

The event was well organised and we headed home after presentations and spins of the chocolate wheel.

Many thanks Murray Bridge for a great day.

## **The difference between Officers and NCOs**

A young Army officer was severely wounded in the head by a grenade, but the only visible, permanent injury was that both of his ears were amputated.

Since his remaining hearing was sufficient, he remained in the Army.

Many years later he eventually rose to the rank of Major General.

He was, however, very sensitive about his appearance.

One day the General was interviewing three servicemen who were candidates for his headquarters staff.

The first was a Captain, a tactical helicopter pilot, and it was a great interview.

At the end of the interview the General asked him, 'Do you notice anything different about me?'

The young officer answered,

'Why, yes, Sir, I couldn't help but notice that you have no ears.'

The general was displeased with his lack of tact and threw him out.

The second interview was with a Navy Lieutenant, and he was even better.

The General then asked him the same question,

'Do you notice anything different about me?'

He replied sheepishly, 'Well, sir, you have no ears.'

The General threw him out also.

The third interview was with an old Sergeant Major, an Infantryman and staff-trained NCO. He was smart, articulate, fit, looked sharp, and seemed to know more than the two officers combined.

The General liked this guy, and went ahead with the same question,

'Do you notice anything different about me?'

To his surprise the Sergeant Major said, 'Yes, sir, you wear contact lenses.'

The General was very impressed and thought, 'What an incredibly observant NCO, and he didn't mention my ears.'

He asked, 'Sergeant Major, how do you know I wear contacts?'

'Well, sir,' the soldier replied, 'it's pretty hard to wear glasses with no ears.'

***This is what we, who are aged 70 or 80 years plus, can look forward to.***

This is something that happened at an assisted living center. The people who lived there had small apartments but they all ate at a central cafeteria. One morning one of the residents didn't show up for breakfast so my wife went upstairs and knocked on his door to see if everything was OK. She could hear him through the door and he said that he was running late and would be down shortly, so she went back to the dining area.

An hour later he still hadn't arrived, so she went back up towards his room but found him on the stairs. He was coming down the stairs but was having a hard time. He had a death grip on the hand rail and seemed to have trouble getting his legs to work right. She told him she was going to call an ambulance but he told her no, he wasn't in any pain and just wanted to have his breakfast. So, she helped him the rest of the way down the stairs and he had his breakfast. When he tried to return to his room, he was completely unable to get up even the first stair step, so they called an ambulance for him.

A couple of hours later she called the hospital to see how he was doing. The receptionist there said he was fine, he just had both of his legs in one side of his boxer shorts.

I'm sending this to my children so that they don't sell the house before they know all the facts.
