## From the Editor . . .

Hi Fellow Golfers! Another wet month at Echunga and unfortunately, no comps held. The course has been so wet the Groundstaff haven't been able to even get the mowers on the course.

I have been told that they did manage to do some mowing last Friday, so hopefully we could be back playing soon.

There will obviously be changes to both the Men's and Women's programs and these will be rescheduled and advised when the course has recovered and the weather finally improves.

Check the web site for updates to the program.

The AGM's will be held on Friday 28<sup>th</sup> October for the Management Committee, and then followed by the Ladies AGM coming up on the 9<sup>th</sup> November. Both won't be affected by the condition of the course so this will be a good chance to catch up on what is happening at the Club

As you haven't been able to catch up with mates on the course, what better times to get together and have a drink or two!

If you have any news items, stories, achievements etc. please e-mail me at [randryeates@gmail.com](mailto:randryeates@gmail.com).

## 2022 HANDICAP

## MATCH PLAY

The 2022 Handicap Match Play Event was to have the qualifying round to be played in conjunction with the PAR competition round on the 8<sup>th</sup> October. Due to the weather and the slow improvement of the course, the Match Committee has decided to move the event back a few weeks and have the qualifying round now, in conjunction with the Stableford competition round on the 22<sup>nd</sup> October.

The Match Play part of the event will then be played for the next 3 weeks following.

### Handicap Match Play New Dates:

Saturday 22<sup>nd</sup> October: Qualifying – Top 8 eligible players to go through to Match Play Stage. (Multi Tees)

Saturday 29<sup>th</sup> October: Quarter Finals Match Play (Blue Tees)

Saturday 5<sup>th</sup> November: Semi Finals Match Play (Blue Tees)

Saturday 12<sup>th</sup> November: Handicap Match Play Final (Blue Tees)

We are sorry for the inconvenience that this may create to your later year planning, but we would like to see the Qualifying round played when the course has improved enough for hopefully a full field competition.

### Program for 2023-24

Dear Fellow Club Members,

After an exhausting 6 weeks spent losing golf balls around northern NSW and Queensland. I have returned to sunny Adelaide and completed the club's program for next year, commencing 1<sup>st</sup> April 2023.

After extensive consultation and a massive response, I feel that the clear consensus among members was to leave the current program structure largely unchanged. Therefore, other than movements due to Public Holidays there is little change.

Dates to remember

- 1<sup>st</sup> April 23 - Open Day 8.30 tee off followed by presentation of trophies 22-23 year
- 15<sup>th</sup> April 23 - Club Championships
- 7<sup>th</sup> October 23 - H/C Match Play
- 13<sup>th</sup> January 24 - Foursome's Championship

These are the main events for the year. You can find any others and full details on the club's full website under program or on the notice board.

As always please contact me if you have any concerns on 0498 193 054

## For those who missed last month's edition Golf Course Superintendent

In July, Joel Haslett tendered his resignation from the position of Golf Course Superintendent.

Joel has been with us for 11 years, starting as an apprentice and working his way through the ranks to the position of Superintendent.

Joel has been an integral part of our Maintenance Team and has contributed to many improvements over the years.

The Committee thanks him for his skills and service over the years and we are sure that all members will join with the Committee in wishing Joel all the best in his future endeavors.

## Firewood

The Committee has decided to sell some of the firewood around the course rather than burn it which has been the previous practice.

All of the wood that is currently available is seasoned for at least 3 years, some in 4ft lengths, and some that might need a chainsaw to make it manageable, mostly gum.

Cost \$100 per 6x4 trailer load.

## VOLUNTEERS' REPORT

We have removed the Covid crosses from outside the bar entrance, hopefully they won't reappear any time soon.

Removed two "hangers" on the left of the 10<sup>th</sup> tee and cleared a lot of fallen branches, so that the mowers could get in.

Some bushes were replanted by the ladies near the 1<sup>st</sup>, 6<sup>th</sup> and 7<sup>th</sup> greens. Perhaps the kangaroos were busy again pulling them out.

Branches that were overhanging the fairway edge along the left hand side of the 18<sup>th</sup> were removed so that now the mowers can cut right up to the fence. Dead branches on the big swamp oak were also taken off.

Weed control is underway in the septic square as well as on the grass mound on the south side of the carpark and the lines in the carpark have been re-marked.

We helped the Groundstaff put in drains on the path to the 2<sup>nd</sup> tee. They have done a great job laying turf in what was an ugly area.

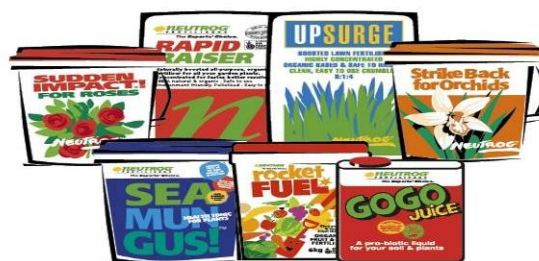

Repairs to a broken downpipe on the Clubhouse have been done and two large bushes removed from the garden to make way for some natives.

Just to keep us honest, the group had a chat to the head Groundkeeper about tasks to be done and what his plans for the course were.

Don't forget that we could do with your help any Tuesday. Meet us at 9am at the clubhouse.

# Flashback!

On the Course...and around the Clubhouse...

## 30 Years ago

President's 1992 report (as delivered at the 1992 AGM)

It gives me great pleasure to be able to present this report at the Annual General Meeting of the Echunga Golf Club Inc.

As members are fully aware since the last AGM the Club has taken a big step towards establishing an eighteen hole golf course.

These extensions have progressed slowly over a period of time mainly due to the wet weather. The tees and greens have now been all built up and are now sown. A special thanks must go to the Kangarilla Earthmovers for their help in establishing the tees and greens. The irrigation system has been installed and is ready for the summer months.

I feel that with all the extensions that have been completed up to date we have managed to keep within our finances and I am still confident of having the new extensions playable the next new year.

I must also thank the Echunga Recreation Grounds Committee for their support and the Echunga Primary School for their help with the tree planting which will recommence in late October with the direct seeding of certain areas between the fairways and a larger area adjacent to the ponds.

Seems to be a proliferation of balls around the course labeled "EJM". Are you losing lots Eric or is everyone labeling their balls "EJM"??

### DISAPPOINTING ....

John Norman recently hit a 69 off the stick which would have given him a new Course Record, something he already holds.

Unfortunately we were playing off a temporary tee on the 9th which disallows the course record.

Bad Luck John, but congratulations with that score anyway.

## The Art of Chipping

Recently I took up golf again after a long break brought on by severe frustration with how badly my golf had become.

Having been playing again for a few weeks I think the years off have perhaps made my golf even worse.

While practising some chipping after work one evening, a cheerful bloke pointed out that I was rubbish.

While I secretly agreed with his sentiment, my competitive nature refused to lay down!

The only thing to do was to challenge this nice elderly man to a chipping competition.

Based on nothing except my ego, I decided to let him pick where we would chip from and to which hole.

After all he did not look like much of a golfer to me...

Quite quickly I realised I had made a terrible mistake as he repeatedly and proficiently chipped his 7 iron to within 2 feet from the hole! I don't expect anyone who has seen or does see this chipping technique in action, will be publishing articles on it.

However, he certainly seemed to have adequate control of the golf ball and is either very good at dealing with pressure or simply unaware of his surroundings, as my taunts went unnoticed as another ball rolled up under the hole. Thankfully, he rejected my offer to Chip for Money and only asked that I provide a written account of his chipping prowess.

The Gentleman 'Hustler' is also known as Club President Rob Eibisch.

Next time I will try not to fall for his bait, or practise much more.

## Sharing is Caring

A Little Poem for Seniors, so true it hurts!

Another year has passed  
And we're all a little older.  
Last summer felt hotter  
And winter seems much colder.  
There was a time not long ago  
When life was quite a blast.  
Now I fully understand  
About 'Living in the Past'  
We used to go to weddings,  
Football games and lunches.  
Now we go to funeral homes  
And after-funeral brunches  
We used to go out dining,  
And couldn't get our fill.  
Now we ask for doggie bags,  
Come home and take a pill.  
We used to often travel  
To places near and far.  
Now we get sore asses  
From riding in the car.  
We used to go to nightclubs  
And drink a little booze.  
Now we stay home at night  
And watch the evening news.  
That, my friend is how life is,  
And now my tale is told.  
So, enjoy each day and live it up...  
Before you're too damned old!

## LIFE!

I'm responsible for what I say, not what you  
understand.

Common sense is like deodorant. The people who  
need it the most never use it.

My tolerance for idiots is extremely low these  
days. I used to have some immunity built up, but  
obviously, there's a new strain out there.

It's not my age that bothers me; it's the side  
effects.

Turns out that being a "senior" is mostly just  
googling how to do stuff.

I want to be 18 again and ruin my life differently. I  
have new ideas.

God promised men that good and obedient wives  
would be found in all corners of the world. Then he  
made the earth round. . . and laughed and laughed  
and laughed.

I'm on two diets. I wasn't getting enough food on  
one. I put my scales in the bathroom corner and  
that's where the little liar will stay until it  
apologises.

My mind is like an internet browser. At least 19  
open tabs, 3 of them are frozen, and I have no clue  
where the music is coming from. Hard to believe I  
once had a phone attached to a wall, and when it  
rang, I picked it up without knowing who was  
calling.

Apparently RSVPing to a wedding invitation  
"Maybe next time" isn't the correct response.

She says I keep pushing her buttons. If that were  
true, I would have found mute by now.

There is no such thing as a grouchy old person.  
The truth is that once you get old, you stop being  
polite and start being honest.

As I watch this generation try and rewrite our  
history, I'm sure of one thing: It will be misspelt  
and have no punctuation.

As I've gotten older, people think I've become  
lazy. The truth is I'm just being more energy-  
efficient.

1. Your left and right lungs aren't exactly the same. The lung on the left side of your body is divided into two lobes while the lung on your right side is divided into three. The left lung is also slightly smaller, allowing room for your heart.
2. The human body contains enough fat to make seven bars of soap.
3. Archaeological evidence proves that Aboriginal and Torres Strait Islanders have been inhabiting this continent for at least 60,000 years, making Indigenous culture the oldest continuously surviving civilization on the face of the Earth. Before European contact, Indigenous people were a thriving pan- continental society with complex agricultural and land management practices. Many of their cultural practices live on today.
