Public Holiday Medal	Aggregate stableford score of best 3 results during any of the public holiday competitions as listed. Open to all members. Main hit off at 9.00 am but members may play anytime during the day.

Competition Types

Stroke

The number of strokes taken on each hole is entered on the card and totalled to give the player a gross score. The players handicap is then deducted from the gross score, giving the player a net score. Both of these scores should be placed at the top of the score card.

Competitions may be based on either the gross or net scores. In either case the player with the lower score will win.

Putting

Often run in conjunction with a Stroke competition, the putting competition involves players scoring the number of putts they take on each hole, with these numbers totalled at the end of the round. A putt is any stroke which occurs when the players ball is on the putting green; therefore if a player putts from off the green this stroke WILL NOT count towards their putts total.

Stableford

Stableford involves the scoring of points for each hole based on the stroke index of the course. The stroke index is listed on the card in order of hardest hole (1) to easiest hole (18). This is also extended for higher handicaps (19 - 36).

Players work out a par value for each hole based on the stroke index and their handicap. If you have an handicap of 18 you receive one shot per hole (e.g. a par 4 becomes a par 5).

Points are then calculated based on the score you shoot and your par for the hole, with the basis being 2 points for a par. One under par would give you 3 points whilst one over would give you 1 point etc.

You cease play when you can no longer score. The player with the most points for the round wins.

Par

Similar to stableford a par competition sees players receiving either a plus (+) for being better than their par, a half (0) for playing to their par or a minus (-) for a score worse than par. You cease play when you can no longer score. The player with the highest overall score wins.

Competition Types continued

Foursomes

Foursomes is an event in which two players play a stroke competition as partners using a single ball and alternating shots. The players also alternate tee shots (e.g. if Player A tees off on the odd numbered holes Player B must tee off on the even numbered holes).

If either player incurs a penalty shot it does not alter the order of play.

This event may also be played in mixed teams of male and female, in which case all players tee off on their respective tee blocks when teeing off.

Competitions can be based on both gross and net scores.

Pinehurst

Sometimes called American Foursomes, Pinehurst involves two players both teeing off on a hole and then playing their second shots with their partners ball. From here they choose which ball they prefer and play proceeds as per a normal Foursomes competition so that if Player B hits the second shot of the chosen ball, Player A hits the next shot.

The team's handicap is determined by taking 3/8 of the aggregate handicaps of both partners.

Irish Stableford

Irish stableford is a team game where each player completes the hole as per a standard stableford competition. The team scores are then based on a specific order (all scores for the first 6 holes, 3 scores for the next 5 holes etc) or category (all scores on par 3s, 2 scores on par 4s etc).

The team with the highest point total at the end of the day wins the competition.

Competition Types continued...

Ambrose

Ambrose can be played in teams of two, three or four players. All players hit off from the tee and select the ball which is in the best position. They then all play from this position by either (a) placing the ball within one club length if the chosen ball is on the fairway (b) dropping the ball within one club length if the chosen ball is in the rough or a hazard or (c) placing the ball within 15cms if the chosen ball is on the putting surface. Play continues in this manner until the ball is holed out.

Whilst the best ball from the tee is selected all players within the team must hit a certain amount of tee shots which must be chosen. In a two person event this is 6 drives each, a three person event this is 4 drives each and in a four person event this is 3 drives each.

Ambrose is scored as a stroke event with handicaps based on $\frac{1}{4}$ of the players aggregate handicap for a two person event, $\frac{1}{6}$ of the players aggregate handicap for a three person event and $\frac{1}{8}$ of the players aggregate handicaps for a four person event.

4BBB

4BBB or 4 ball better ball is based on the stableford scoring system but played in teams of two. Each player plays the hole as per a standard stableford event and at the conclusion of each hole whoever had the highest score the for hole has their score entered onto the card.

Once you are unable to score you are expected to pick up. Scores are totalled at the end and the team with the highest number of points wins.

2 Card Aggregate

Played in teams of two this competition is a normal stableford competition where the teams scores are combined for a final team total.

Safety Notice

The occupational Health, Safety and Welfare Act requires the employer to maintain a safe working environment. The Echunga Golf Club Management Committee expects members to co-operate with this Act to ensure we have a safe working environment for our ground staff. The main points are as follows:

Green maintenance:	When the flag has been removed the green is out of play and golfers MUST NOT hit to the green until the flag is replaced.
Fairway & rough maintenance:	Golfers MUST wait for a grounds staff vehicle or mower to pass behind or out of range before playing their shot. Alternatively golfers may be called on to play their shots by the operator.
Other situations	In all other situations golfers MUST receive acknowledgement from ground staff who are in range before playing their shots.

Failure to comply with the above procedures could result in prosecution under the Occupations Health, Safety & Welfare Act and also action by the Echunga Golf Club Management Committee.

Use of motorised (ride-on) buggies and carts

Members are able to use motorised (ride-on) buggies and carts in casual and club competition games except for Monthly Medal competitions, pennant matches and Club Championships where a medical certificate will be required to be given to the Match Committee.

Approval to use this type of equipment shall be given subject to the following conditions being met:

1. All buggies must receive committee approval for use on the course.
2. Buggies should ideally be designed for golf courses and must have wide, flat tires.
3. They can only be used on days as approved by the Match Committee.
4. They are driven in a safe manner so as not to create a hazard to other members.
5. The motorised vehicles are driven on the sides of the fairways.
6. They are not driven on teeing areas, greens or their surrounds
7. or any dam walls.
The motor is turned off as players nearby are playing their shots.
8. The equipment is safe and properly maintained.
9. The users observe and obey all instructions from the ground staff
10. The users observe and obey all instructions from the Echunga Golf Club Management Committee.

Failure to comply with the above conditions could result in members losing their right to use a motorised vehicle along with possible further action by the Echunga Golf Club Management Committee.

Reciprocal rights

The following clubs have entered into a reciprocal playing rights agreement with the Echunga Golf Club. When playing at any of these clubs members are reminded that they are doing so as ambassadors and representatives of the Echunga Golf Club and they are expected to behave accordingly.

Members are asked to inform the club being visited when they are booking a round that they are members of the Echunga Golf Club and produce their Golflink card as confirmation.

The Management Committee would appreciate any comments on clubs being visited. Members should also note that some clubs will charge a 50% green fee.
